## Useful Information

How to optimise the use of Q-Line® 700

### Applications:

Q-Line® 700 is an ultra strong 100% VOC FREE waterbased universal degreaser and cleaner. The product is also solvent free & 100% bio-degradable and is most effective as a wipe off-cleaner. Specifically designed to remove dirt it can be used on any surface including metal, glass, plastic, varnish and will not damage rubber, chrome, silicon sealants, fabrics or leather. The product creates a grease free surface which is paintable.

### Method of use:

You must stir Q-Line® 700 well before use! The cleaner can be applied with an absorbent wipe or cloth by rubbing into the surface. After a short influence, clean up the surfaces with a dry, absorbent cloth.

Q-Line® 700 was originally designed exclusively for BMW (Munich Germany) and has been dermatologically tested.

### IMPORTANT

Q-Line® Are manufactured by B.I.G International LTD. Q-Line® products information are based on laboratory tests and practical experience. Since the conditions under which the product is used are often outside the control of B.I.G International LTD, we can only guarantee the product quality, since the result is dependent on the substrate, pre-treatment, temperature, air humidity, application etc. B.I.G International LTD reserves the right, without notice to change the product and the given data.
